Week Three Report

2020/03/02 - 2020/03/08

Though the road ahead be beset with uncertainty, we face it with unwavering resolve. Our hearts turned towards the light, we continue to march on.

The *In the Name of Love* fundraiser officially ended at 11:59pm on Mar. 07, 2020, but our work continues.

We want to first offer our sincere gratitude to all of our Minnesota friends for your support of Wuhan, Hubei and China. Now that our fundraiser has drawn to an end after a short three weeks, the final tallies are in: a total of **95** individuals and organizations donated and **23** restaurants participated in the Restaurants in Action event, bringing the total of raised funds to **\$37,475.00**. Three separate batches totaling **50** oxygen concentrators were successfully delivered to **18** hospitals and health centers in Hubei province. We are currently selecting hospitals for the fourth batch of devices to ensure that they reach the hands of those who need them most. Thanks to everyone who donated and the efforts of all who helped, we have successfully met the goal we set for ourselves when we first issued our public call for support. Our work continues as we now strive to meet our next goal.
