Classes: **Kindergarten, Grade 1 to 4**

为华语家庭量身订做的周末课堂! Classes are designed for Chinese-speaking families!

- 马立平教材从三年级才引入拼音, 使孩子们完全脱离拼音学中文。马立平老师认为, 对讲中文的孩子, 学拼音的真正目的不是学汉字学说话, 而是查词典, 以便学生学中文到一定程度后独立学习中文。
- 教材中每一课的内容都围绕着一个主题。每一个字或词都为讲一件事儿服务。如第一单元中的七课, 都既是完整的课文同时又是一首儿歌或谜语。上口, 容易背诵。孩子听了几遍就记住了, 跟读几遍就认识字了。孩子们一下子就被吸引, 回家还能为家人和朋友说个谜语, “显一显”中文。
- 每一课中的读字读词, 即练习新学的字又复习学过的字, 变着花样地拼在一起, 即有意义, 又让孩子有充足的机会接触所学字词。
- 教材包括一整套学生家庭作业, 配在每一课文后面。作业形式规范化, 类型相似, 内容随课文变动。拿手之处是马立平团队精心设计的网上作业, 其趣味性与功效性无与伦比, 孩子们没有不喜欢的。在娱乐之中, 孩子们就把作业完成了。马立平教材将很大的重点放在课后作业上, **即要求学生每天接触, 又要求家长监督, 且按部就班, 乐趣无穷。**

My name is Sophia Haugland and I am a 2020 graduate of Luther College in Decorah, Iowa. There, I earned degrees in Spanish, and Elementary Education with endorsements in Reading and teaching English to culturally and linguistically diverse students. I am a licensed teacher and will be starting a new teaching job this fall as an English Language teacher at two elementary schools in Farmington, MN.

My experience teaching English has been a mix of in-person and virtual instruction and I have found success in both methods of teaching using various resources. I have been with MICS since January and have taught English Writing, Reading & Comprehension, and two creative writing courses. It is very fortunate that I am able to continue this year with these two classes.

In my opinion, the best thing about teaching is learning from the students by the means of learning about their lives. I believe that I am a lifelong learner and am always looking for ways to improve my teaching and the learning experience for my students.

I would be honored to teach your students by offering purposeful and engaging lessons in English. The needs of the students come first in my virtual classroom, and I will be eager to accommodate any needs students may have to give them the best experience possible.

Kids Drawing Class

老师 Teacher: Joy Tang

每个孩子都是儿童画大师！儿童绘画在反映儿童心理发展水平的同时也同样促进着儿童心智的成长。绘画对儿童的感知能力、记忆能力、想象能力和创造性思维的发展起着重要的促进作用。在专业老师的辅导下，让我们一起感受孩子们的绘画热情吧！

这门课目的不在于教会孩子们画一张非常漂亮的作品，也不是为了培养未来的画家，而是用于开发智力，培养孩子的创造才能。一个孩子敢于大胆地把自己所见、所想尽可能完整地用画面表达出来，这是他观察能力和创造能力的一种表现；当他敢于自己大胆去创作的时候，他的自主能力和独立性就得到了加强。让孩子敢于大胆地去画，让孩子更加细心地去画，让孩子画画时有始有终，让孩子寻找自己画中的问题等，这些都助于培养孩子耐心细致及锲而不舍的精神。

能给蒙娜丽莎换个造型吗？能把明州的冬天用简单的方法记录下来吗？杯子除了喝水还能干什么？……一起加入每周六中午的儿童画吧！

The Ukulele Ways of Life

U1 - Objectives & Goals:

By the end of this course, students will know what it is like to play a stringed instrument. They will learn how to develop practice habits, and how to set and achieve goals for that practice. Students will learn how to strum ukulele chords, play familiar melodies, and read basic music notation. They will learn to use music as an outlet for artistic expression and as a healthy recreational diversion.

The first session will focus primarily on learning a few simple chords, the notes on the strings, and how to read treble clef music notation.

The second session will build on the what was learned in the first session, including more complicated chords, rhythms, and repertoire.

The second session will build on the what was learned in the first session, including more complicated chords, rhythms, and repertoire.

Teacher Introduction:

Since 2018, my primary occupation has been music instructor, teaching between 40 and 50 private lessons per week to students of all ages. Many of my students who choose ukulele as their instrument of study go on to learn other stringed instruments. In addition to ukulele, I also teach violin, viola, cello, and bass, as well as guitar and piano, and I find that students who start with ukulele progress more quickly on the orchestral strings. For students who will be selecting an instrument to play in the school band or orchestra but aren't sure what instrument to choose, trying ukulele is an excellent way to discover a preference for strings!
